INDEPENDENT AUDITORS' REPORT

Board of Directors
Make-A-Wish Foundation® of New Hampshire
Manchester, New Hampshire

We have audited the accompanying financial statements of Make-A-Wish Foundation® of New Hampshire, which comprise the statements of financial position as of August 31, 2015 and 2014, and the related statements of activities, cash flows, and functional expenses, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors
Make-A-Wish Foundation® of New Hampshire

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Make-A-Wish Foundation® of New Hampshire as of August 31, 2015 and 2014, and change in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MAKE-A-WISH FOUNDATION® OF NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

NOTE 1 ORGANIZATION

Make-A-Wish Foundation® of New Hampshire (the Foundation) is a New Hampshire nonprofit corporation, organized for the purpose of granting wishes to children with life-threatening medical conditions. The Foundation is an independently operating chapter of Make-A-Wish Foundation of America (National Organization), which operates to develop and implement national programs in public relations and fundraising for the benefit of all local chapters. In addition, the local chapter is obligated to comply with a chapter agreement with the National Organization and such guidelines, resolutions, and policies as may be adopted by the National Organization's board of directors.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP) applicable to nonprofit entities.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Included in cash and cash equivalents at August 31, 2015 and 2014 is \$212,951 and \$109,295 of certificates of deposit, respectively, with an initial term of less than three months and \$108,256 and \$98,306, respectively, of money market mutual funds.

Investments

Investments are recorded at fair value. Investment income, including gains and losses on investments, is recorded as increases or decreases in unrestricted net assets unless its use is limited by donor-imposed restrictions or law.

Contributions Receivable

Contributions receivable are unconditional promises to give. Such promises that are expected to be collected within one year are recorded at expected net realizable value when the promise is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. Contributions receivable are discounted using fair value rates and contributions are written off when deemed uncollectible.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment, Net

Property and equipment having a unit cost greater than \$1,000 and a useful life of more than one year are capitalized at cost when purchased. Donated assets are capitalized at the estimated fair value at the date of receipt and restrictions are released once the asset has been placed into service. Property and equipment under capital leases are stated at the present value of future minimum lease payments at the time of acquisition. Depreciation on property and equipment is provided on a straight-line basis over the estimated useful lives of the assets, generally 3 to 10 years. Leasehold improvements are amortized over the shorter of the estimated useful life of the asset or the remaining terms of the lease. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances indicate a long-lived asset may be impaired, the asset value will be reduced to fair value. Fair value is determined through various valuation techniques including quoted market values and third-party independent appraisals, as considered necessary.

Fair Value Measurements

Fair value measurements of financial assets and financial liabilities and fair value measurements of nonfinancial items are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Foundation determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Unadjusted quoted prices in active markets for identical assets (or liabilities) that the reporting entity has the ability to access at the measurement date.
- Level 2 Prices for a similar asset (or liability), other than quoted prices included in Level 1 inputs, that are observable for the asset (or liability), either directly or indirectly. If the asset (or liability) has a specified term, a Level 2 input must be observable for substantially the full term of the asset (or liability).
- Level 3 Unobservable inputs for the asset (or liability) used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or liability) at measurement date.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

See additional information in Note 3.

Net Assets

The Foundation's net assets and changes therein are classified and reported as follows:

- **Permanently restricted net assets** – Net assets subject to donor-imposed restrictions that the principal be maintained in perpetuity. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for unrestricted purposes.
- **Temporarily restricted net assets** – Net assets subject to restrictions imposed by donor or law that may be met either by actions of the Foundation or the passage of time.
- **Unrestricted net assets** – Net assets that are not subject to donor-imposed restrictions or law.

Revenue Recognition

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Fair value is estimated giving consideration to anticipated future cash receipts (after allowance is made for uncollectible contributions) and discounting such amounts at a risk-adjusted rate commensurate with the duration of the donor's payment plan. Amortization of the discounts is recorded as additional contribution revenue. Conditional promises are recorded as revenue once the conditions are substantially met. Contributions, grants, and bequests are recognized as either temporarily or permanently restricted if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. When restrictions are met in the same period as the contribution is received, the Foundation records the contribution and the expense as unrestricted. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

The Foundation received in-kind contributions of assets and services that are included in the accompanying statements of activities as follows:

| | 2015 | 2014 |

MAKE-A-WISH FOUNDATION® OF NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2015 AND 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Program or supporting services expenses were recorded at fair value totaling \$335,908 and \$309,420 in 2015 and 2014, respectively, with the difference recorded as other assets representing primarily contributed property and equipment and prepaid expenses received and not yet used.

Advertising and media is used to help the Foundation communicate its message or mission and includes fundraising materials, informational material, or advertising, and may be in the form of an audio or video tape of a public service announcement, a layout for a newspaper, media time or space for public service announcements, or other purposes. Advertising and media are reported as contribution revenue when received and fundraising or public information expense when received and the reporting of such contributions is unaffected by whether the Foundation could afford to purchase or would have purchased the assets at their fair value.

Income Taxes

The Foundation is a nonprofit organization exempt from federal income and New Hampshire income and franchise taxes under the provisions of Internal Revenue Code (IRC) Section 501(c)(3) and Section RSA77 of the New Hampshire Department of Revenue Administration. However, the Foundation remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole.

Management believes that no uncertain tax positions exist for the Foundation at August 31, 2015 and 2014.

Functional Expenses

The Foundation performs three functions: wish granting, program-related support, fundraising, and management and general. Definitions of these functions are as follows:

Wish Granting & Program Related Support

Activities performed by the Foundation that grant wishes to children with life-threatening medical conditions, the implementation of programs supporting identification of wish candidates, and the determination and delivery of each wish. Specific activities include, but are not limited to, the development of wish resources, handling of wish referrals, administration of the wish program, and communicating the purpose and services of the Foundation to all potential wish referrals.

Fundraising

Activities performed by the Foundation to generate funds and/or resources to support its programs and operations. During the fiscal years ended August 31, 2015 and 2014, the Foundation incurred no significant joint costs for activities that included fundraising appeals.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expenses (Continued)

Management and General

All costs not identifiable with a single program or fundraising activity, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. This includes expenses for the overall direction of the Foundation, business management, general recordkeeping, budgeting, financial reporting, and activities relating to these functions such as salaries, rent, supplies, equipment, and other expenses.

Expenses that benefit more than one function of the Foundation are allocated among the functions based generally on the amount of time spent by employees on each function.

Management Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful lives of property and equipment, valuation of investments and contributions receivable, accrued pending wish costs, net of attrition on pending wish costs and whether an allowance for uncollectible contributions receivable is required. The current economic environment continues to create a high degree of uncertainty in those estimates and assumptions.

NOTE 3 FAIR VALUE MEASUREMENTS

Fair Value of Financial Instruments

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair values of the financial instruments shown in the following tables as of August 31, 2015 and 2014 represent the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects the Foundation's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by the Foundation based on the best information available in the circumstances, including expected cash flows and appropriately risk-adjusted discount rates, and available observable and unobservable inputs.

Investments

Overall Investment Objective

The overall investment objective of the Foundation is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The Foundation diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the Board's Audit and Finance committee [or the Board of Directors, or Investment Committee, as appropriate], which oversees the Foundation's investment program in accordance with established guidelines.

Allocation of Investment Strategies

In addition to traditional stock and fixed income securities, the Foundation may also hold shares or units in traditional institutional funds as well as in alternative investment funds involving hedged strategies, private equity, and real asset strategies. Hedged strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedged strategies generally hold securities or other financial instruments for which a ready market exists and may include stock, bonds, put or call options, swaps, currency hedges, and other instruments, and are valued accordingly. Private equity funds employ buy-out and venture capital strategies and focus on investments in turn-around situations. Real asset funds generally hold interests in public real estate investment trusts (REITS) or commercial real estate through sole-member entities. Private equity and real asset strategies therefore often require the estimation of fair values by the fund managers in the absence of readily determinable market values. Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used had a ready market existed, and the differences could be material. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held. Moreover, the fair values of the Foundation's interests in shares or units of these funds, because of liquidity and capital commitment terms that vary depending on the specific fund or partnership agreement, may differ from the fair value of the funds' underlying net assets.

NOTE 5 SPLIT-INTEREST AGREEMENT

Beneficial Interest in Net Assets Held by Others

Donors have contributed assets to the National Organization in exchange for a promise by the National Organization to pay a fixed amount for a specified period of time to the donor or to individuals designated by the donor. Under the terms of such agreements, no trust exists, as the assets received are held by and the liability is an obligation of the National Organization. The National Organization records contribution revenue using the fair value of the assets less the present value of the payments expected to be made to the beneficiaries. The Foundation is named as a beneficiary in one of these agreements. Accordingly, temporarily restricted contribution revenue and the related assets are recognized at fair value in the period in which the Foundation received notice that the agreement conveys an unconditional right to receive benefits. Subsequent changes in the value of the underlying assets are recorded in the accompanying statement of activities as the change in value of beneficial interest in assets held by others.

NOTE 6 TRANSACTIONS WITH RELATED PARTIES

The National Organization conducts national fundraising efforts for which cash and in-kind donations are received and shared with the Foundation. These funds represent revenues associated with distributions from national partners, individual donation amounts collected via online and white mail donations, amounts for internal grants, travel and training scholarships, amounts to fund the Adopt-A-Wish® program, and other miscellaneous revenues.

The Foundation received the following distributions from the National Organization for the years ended August 31:

| | 2015 | 2014 |
|---|------------|------------|
| Corporate, Online, Whitemail, and General Contributions | \$ 352,299 | \$ 316,465 |
| Gifts and Travel Reimbursements | 519 | - |
| Grants | 35,000 | 3,956 |
| Scholarships | 500 | 1,000 |
| Other | 3,602 | - |
| Total Distributions Received | \$ 391,920 | \$ 321,421 |

These amounts are recorded in the Statement of Activities as public support revenue.

NOTE 6 TRANSACTIONS WITH RELATED ENTITIES (CONTINUED)

Conversely, the Foundation pays amounts to the National Organization for annual dues, insurance, and other miscellaneous ancillary expenses that the National Organization pays on behalf of the Foundation. The Foundation paid to the National Organization the following amounts for the years ended August 31:

| | <u>2015</u> | <u>2014</u> |
|--------------------|------------------|------------------|
| Partnership Dues | \$ 65,106 | \$ 57,323 |
| Other | - | 1,484 |
| Total Amounts Paid | <u>\$ 65,106</u> | <u>\$ 58,807</u> |

Chapters who assist with the organization and granting of wishes from other chapters are paid a “fee for service” called the wish assist fee. Under this program, the Foundation received \$75 and \$150 for the years ended August 31, 2015 and 2014, respectively, which is recorded in the accompanying statements of activities as other income.

Amounts due from and to related entities are as follows:

| | <u>2015</u> | <u>2014</u> |
|---------------------------------|------------------|------------------|
| Balance at August 31: | | |
| Due from National Organization | \$ 19,180 | \$ 14,374 |
| Due from Other Chapters | - | 748 |
| Total Due from Related Entities | <u>\$ 19,180</u> | <u>\$ 15,122</u> |
| | | |
| Due to National Organization | \$ 6,495 | \$ - |
| Due to Other Chapters | 6,165 | 600 |
| Total Due to Related Entities | <u>\$ 12,660</u> | <u>\$ 600</u> |

Amounts due from the National Organization represent contributions remitted to the National Organization that are identified for the Foundation’s use but were not yet transferred to the Foundation as of year-end. Amounts due from other chapters represent amounts paid in assisting other chapters with their wish granting. Amounts due to other chapters represent amounts owed to other chapters who have assisted in the granting of wishes for the Foundation.

During 2015 and 2014 the Foundation received contributions, both cash and in-kind, from board members and employees totaling \$83,593 and \$85,188, respectively. In 2015 and 2014, amounts due from board members and employees totaled \$98,400 and \$64,300, respectively, and are included in contributions receivable in the accompanying statements of financial position. Amounts paid to related parties for goods and services used in the Foundation’s operations totaled \$48,696 and \$49,967 in 2015 and 2014, respectively. Amounts due to board members and employees as of August 31, 2015 and 2014 totaled \$8,401 and \$7,704, respectively, and are included in accounts payable in the accompanying statements of financial position.

NOTE 7 PROPERTY AND EQUIPMENT

Property and equipment as of August 31 consist of the following:

| | 2015 | 2014 |
|--|-----------|-----------|
| Computer Equipment and Software | \$ 28,645 | \$ 22,695 |
| Office Furniture | 24,450 | 25,350 |
| | 53,095 | 48,045 |
| Less Accumulated Depreciation and Amortization | (36,614) | (34,128) |
| Property and Equipment, Net | \$ 16,481 | \$ 13,917 |

Depreciation and amortization expense totaled \$9,385 and \$6,314 for the years ended August 31, 2015 and 2014, respectively.

NOTE 8 ACCRUED PENDING WISH COSTS

The Foundation accrues for estimated costs of reportable pending wishes as unconditional promises to give when five certain, measurable wish criteria are met. Prior to meeting these five criteria, the wish is considered a conditional promise to give due to the inherent uncertainties surrounding these criteria and is therefore not accrued as a pending wish liability. Reportable pending wish criteria include:

1. Receiving a referral,
2. Obtaining the required medical eligibility form,
3. Contact with the wish family has occurred to determine the prospective wish,
4. Determination that the wish falls within the National Organization's wish granting policy, and
5. The wish is expected to be granted within the next 12 months.

Estimated cash and in-kind costs owed as of year-end for all reportable pending wishes are accrued as pending wish liability. The in-kind portion of the pending wish liability represents the estimated in-kind outlay that is expected to be incurred in fulfilling each wish; note that the matching in-kind revenues are recognized when an unconditional promise is received for the required goods or services or in the future period when the wish is granted.

The Foundation, as part of its estimate of accrued pending wish costs, also considers attrition on pending wish costs. An attrition rate is calculated by the Foundation by analyzing the trend of wishes that have been accrued for using the five criteria discussed above that have not been able to be completed within the past twelve months due to factors outside of the control of the chapter, such as the death of a child, the move of the family out of the chapter's territory, or loss of contact with the family. As of August 31, 2015 and 2014, the Foundation had approximately 31 and 22 reportable pending wishes, respectively.

NOTE 9 LEASES

The Foundation is obligated under various capital and operating leases for office space and equipment, which expire at various dates through November 15, 2018. As of both years ended August 31, 2015 and 2014, the cost of leased property and equipment under capital leases was \$11,100. Accumulated depreciation as of August 31, 2015 and 2014 was \$6,105 and \$3,885, respectively. Total rent expense for the operating lease for the years ended August 31, 2015 and 2014 totaled \$35,117 and \$36,949, respectively.

Future minimum lease payments under capital and operating leases having remaining terms in excess of one year are as follows:

| | Operating Lease | Capital Lease |
|-------------------------------|--------------------|------------------|
| <u>Year Ending August 31:</u> | | |
| 2016 | \$ 35,958 | \$ 2,220 |
| 2017 | 32,962 | 2,220 |
| 2018 | - | 555 |
| Total Minimum Lease Payments | \$ 68,920 | \$ 4,995 |

NOTE 10 TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes for the year ended August 31:

| | 2015 | 2014 |
|---|------------|------------|
| Time Restrictions | \$ 286,430 | \$ 689,742 |
| Purpose Restrictions | 69,442 | 81,392 |
| Total Temporarily Restricted Net Assets | \$ 355,872 | \$ 771,134 |

NOTE 11 RETIREMENT PLAN

The Foundation has a defined contribution retirement plan (the Plan). Employees are eligible for participation in the Plan after reaching 21 years of age and upon completion of six months of service. Under the provisions of the Plan, eligible employees may elect to defer a percentage of their salary subject to certain IRC limitations. The Foundation matches employee contributions up to \$5,000 per plan year. Foundation contributions to the Plan for the years ended August 31, 2015 and 2014 were \$26,508 and \$27,962, respectively.

NOTE 12 CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Foundation to concentration of credit risk consist principally of cash, cash equivalents, and investments. The Foundation places its cash and investments with high credit quality financial institutions and generally limits the amount of credit exposure not to exceed the FDIC insurance coverage limit of \$250,000. From time to time throughout the year, the Foundation's cash balances may exceed the amount of the FDIC insurance coverage.

In-kind contributions totaling \$198,825 and \$126,287 were received from a single donor for the years ended August 31, 2015 and 2014, respectively, which represents 10% and 6%, respectively, of total public support. Should these contribution levels decrease, the Foundation may be adversely affected.

NOTE 13 SUBSEQUENT EVENTS

The Foundation has evaluated subsequent events from the statement of financial position date through March 11, 2016, the date at which the financial statements were available to be issued.
